

Great players **wanted** for great teamwork

SUPPLY CHAIN CONSULTANT

OM Partners is the best-in-class consulting and software company that offers Supply Chain Planning Solutions for several industries worldwide.

Some references: BASF, Bridgestone, Procter & Gamble, Danone, Evonik, ArcelorMittal, Boehringer Ingelheim, Smurfit Kappa ...

OM Partners has developed into one of the most important players in the Supply Chain Planning market since its founding in 1985. Over 300 colleagues work from our headquarters in Belgium and offices in the USA, China, the United Arab Emirates, Brazil, France, the Netherlands, Germany (Cologne) and the United Kingdom.

RESPONSIBILITIES

As a Supply Chain Consultant you will have only one aim: to provide the customers with innovative supply chain solutions that work.

You will visit our customers on a regular basis, about 30% of your time. You start with analyzing their challenging planning needs. You will design a prototype, develop the model and optimize your solution. At all times you will work in close collaboration with your colleagues working on the same projects.

You will implement the planning and scheduling solution with our planning tools. You will validate it with the customer's project team. Finally, you will train the customers in the use of their new advanced planning solution.

The German affiliate works in close collaboration with the head office in Belgium (Antwerp). The structured trainings will be accommodated in the head office in Belgium.

PROFILE

You have a Master's degree obtained at a university in one of the following study fields: Wirtschaftsinformatik, Wirtschaftsmathematik, Betriebswirtschaftslehre, ideally, with a focus on Supply Chain Management, Operations Research or Logistics.

You need to have a strong affinity for IT, basic programming skills are required (any language). Knowledge about mathematical modeling is a plus, but not mandatory.

Experience in one of our target industries (semi process or mill products) is an advantage.

You also have an excellent command of German and English and enjoy working in a multi-national customer-driven environment.

You are creative and eager to learn, and you can work autonomously.

You are fun to work with and a great team player.
